

# Open Mind Interpreting LLC

## Service Agreement for You!

Individualize your Preferences and Rates!

## Pay What You Can

I wanted this Service Agreement to be Accessible to all in the hope of collectively raising our profession and supplying the interpreter with security and legal protection. While searching for lawyers for my own contract I found the average price of \$450 to be out of my price range, so I spent many hours researching and cultivating this Service Agreement. It has served my business well and I hope it does the same for yours. **Thank you!**
